NEW DATABASES

Jolt Pictures, Inc. will be putting their files in a Secure Online Database. the time that this memo is released the IT Department will have only transferred the 'Affiliates' data. This database will include things like the URL of the affiliate the Official e-mail and other things. We being the Department are going to transfer things like the Videos Index. We are going to move all of the Content. **We are not at any time going to void or move any links.** The Jolt Pictures, Inc. ODD does have the authority to void the last statement without giving any period of notice to any clients. If a link is voided you will get an Error: 404 message. If you get this message it **might** include link to the new page (if one is available). Please note depending on the designer of the Error: 404 message page the quality and neatness of the page varies.

NEW WEB PAGE SERVICE

Jolt Pictures, Inc. has received a new USA Map that each person that visits the site can add their location. It is recommended that all Members of the Security Department keep an eye on the content being edited. Please note that any photos uploaded should be checked by you the Security Department. **No Sexual photos are permitted to be uploaded.** If they are you will be securely locked out of the site 100% you will not be able to access Jolt Pictures, Inc. via www.joltpictures.tk or joltpictures.tripod.com.
